

## Future Career Exploration

**Objective:** In this assignment, you will explore a potential career that interests you and create a presentation to share your findings with your classmates. This project will help you understand different career options, develop valuable research skills, and enhance your presentation abilities.

### Instructions:

#### 1. Part 1: Self-Assessment (Optional)

- a. **Career Assessment:** Begin by taking a career assessment or interest inventory to identify your interests, strengths, and potential career paths.

#### 2. Part 2: Research

- a. **Select a Career:** Choose a career that aligns with your interests and goals. You can explore careers in fields like nutrition, agriculture, culinary arts, or any other area that interests you.
- b. **Research:** Investigate your chosen career by finding information about job responsibilities, educational requirements, salary ranges, and potential employers.
- c. **Report:** Write a report summarizing your findings. Include key details about the career you researched. Ensure that your report is well-structured and provides valuable insights into the profession.

#### 3. Part 3: Presentation

- a. **Presentation Format:** Choose a presentation method for sharing your research with the class. You can use PowerPoint slides, a poster, a video, or any other medium that effectively conveys your information.
- b. **Content:** Your presentation should include the following:
  - A clear and engaging introduction.
  - Information about the career's job responsibilities.
  - Educational and training requirements.
  - Salary range and potential employers.
  - Visual aids (images, charts, graphs, etc.) to enhance your presentation.
  - A strong and memorable conclusion.
- c. **Class Presentation:** Prepare a presentation of 3 to 5 minutes to share your research findings. Be sure to practice your speaking and engage the audience.
