

Milk is processed into our favorite dairy foods like milk, cheese, and yogurt. Draw a kitchen table with your favorite dairy food on the table. Add fruits and vegetables to make a well-balanced meal.

At age 2, a dairy cow becomes a mother. Draw a picture of a cow and her baby calf.

Milk is transported in a tanker truck to a processing facility.
Draw a truck transporting the milk.

Cows are milked twice a day.
Draw a picture of a cow being milked.
